

HOME PROS ON MONEY GLOBE X

Get found: for local trades and contractors

Choose your cities, see new jobs in your area, and keep what you earn.

Free for your first 90 days.

No commission. No lead fees. The customer pays you directly.

Then CAD 250 a year, or included in the Professional plan (CAD 70 a month or CAD 650 a year, before tax).

How it works

- **Make your profile**: up to 3 trades, your service cities, a bio, your logo and up to 8 work photos. Add your own employees as a team.
- **Get checked**: a person checks your identity, and the licence number of licensed trades on the public register.
- **See jobs near you**: homeowners and property managers post repairs with photos. Send your estimate and the times you can visit.
- **Do the work, get rated**: check in and out, add before and after photos, and send your own invoice with your own tax lines. Ratings from 1 to 10 build your profile.

Who it is for

Plumbers, electricians, gas fitters, painters, inspectors, movers, garbage and bin rental, and other home services.

What you need

An identity check for everyone. Electricians, gas fitters and other licensed trades give their licence number. Some trades, and all commercial work, also upload a WorkSafeBC clearance letter, liability insurance and a business licence; for everyone else these are optional and earn badges.

Join Home Pros at moneyglobe.com

Create your free account, then add your trade profile. Home Pros is new and starts in British Columbia: we don't promise a number of jobs.
