

MONEY GLOBE X

HOME PROS ON MONEY GLOBE X - FOR HOMEOWNERS

Home repairs, sorted.

Post a repair for free and get estimates from checked local trades. You choose, they come, you pay them directly.

How it works

1

Post the job

Describe the repair and add photos. Posting is free for homeowners.

2

Get estimates

Checked local trades send a price, from your photos, with times they can visit.

3

Choose and book

Pick the estimate and the time that suit you. Your phone and address go only to the trade that takes your job.

4

Confirm and rate

Confirm the work is done, then rate it from 1 (worst) to 10 (best).

Why homeowners use it

- **Checked trades.** A person checks each trade's identity. Electricians, gas fitters and other licensed trades give a licence number that we check on the public register.
- **You pay the trade directly.** No commission and no lead fees: we never hold your money.
- **A record of the job.** Before and after photos, check-in and check-out times, and the trade's own estimate and invoice.
- **Renting or in a strata?** Property Hub sends repair tickets to your landlord or building manager, and you follow them to the end.

Post your repair at moneyglobe.com

Create a free account, open Home Pros and post the job. Starting in British Columbia.
Emergency? If you smell gas, leave now and call FortisBC at 1-800-663-9911 or 911.
